2 | First Days in Vienna

After your arrival in Vienna, there are a few things you need to take care of. We have prepared a check-list for you to make sure you don't forget anything!

2.1 | Check List

Register with the Registry Office (Magistrat/Meldeamt)

You need to visit one of many Registry Offices to register at your residence. You can obtain the form you need at the Buddy Network office, or directly at the Registry Office. Residents of Oead Houses can only obtain their registration forms at the Oead Office. To find out which Registry Office is close to your dorm or flat, please refer to www.wien.gv.at > English > Politics and Administration. You will receive a Foreigners Registration Certificate (Meldezettel), which you will need to present in some bureaucratic procedures (e.g. you need to be registered to be able to sign up for an internet connection, the Semester pass for

public transport, or to apply for a visa to another country at its embassy in Austria). Please check that your landlord (in case of many dorms: Oead) has signed your certificate before you go to the Registry Office.

- Get a public transport ticket (see 3:4)
- Register at WU and pay the ÖH fee
- How to get to WU: Take the U2 metro line to station "Messe/Prater" or "Krieau". Just follow the crowd! Please note: You might not be able to register before mid-September/mid-February.
- Visit the Buddy Network to obtain a city map, your EBNcard, a sim card for your phone and any other information you need. The Buddy Network office is in the Student Center (SC), close to the east entrance of WU Campus. The next station is U2 Krieau.
- Buy furnishings (see next point)
- Make sure you have valid health insurance (see 3:2)
- Explore the city!

Insurance

In Austria, regional health insurance companies (Gebietskrankenkassen) and private insurance companies offer health insurances. At the moment, there are social insurance agreements with Serbia, Montenegro, Croatia, Bosnia-Herzegovina, Macedonia and Turkey. If you are from one of these countries, you just need a so-called „Betreuungsschein“ of the health insurance company in your country, so that you are not insured twice. All others must, however, have a valid health insurance.

Students from member states of the European Union, Switzerland, Norway, Iceland and Liechtenstein are treated like Austrian insurance-holders as soon as they present their European Health Insurance Card, also e-card.

If you do not have insurance coverage from your home country for your stay in Austria you are strongly advised to purchase the student insurance. This insurance covers medical treatment and accidents. General dental treatment is included as well. Do not forget, however, to cancel the insurance before you leave Austria!

The insurance form is available either at the central office of the insurance company:

Wiener Gebietskrankenkasse (WGKK)
Beitragsstelle (entrance level, blue counter)
Wienerbergstrasse 15 – 19, 1100 Wien
phone: +43 1 601 22-0, E-Mail: office@wgkk.at

or at one of the district offices. For a list of addresses please look at: www.wgkk.at > Kundencenter/Bezirksstellen

The one closest to WU is
Lassallestraße 9b, 1020 Wien
Phone: +43 1 601 22-8000
Opening hours:
Mo - Fr.: 07:00 am - 2:30 pm

Required documents:

Insurance application form (available at the „Wiener Gebietskrankenkasse“)

- 1 copy of the registration form („Meldezettel“) from the Registry Office (Magistratisches Bezirksamt)
- proof of enrollment at the WU Wien („Fortsetzungsbestätigung“)
- „Studienblatt“: You can print it at the SB-terminals at the Library and Learning Center (LC) on the 2nd floor using your student ID card. You can submit this form at a later point in time.
-

Important: The monthly payment must be transferred to the insurance company in time, otherwise the insurance coverage expires. You cannot apply for the student insurance for a second time!

We therefore advise you to transfer the monthly payment to the insurance company by an automatic withdrawal from your bank account. Before your departure the insurance coverage has to be cancelled. You have to hand in a special form („Abmeldeformular“) which is also available at the Wiener Gebietskrankenkasse.

Pharmacies close to the dormitories:

General opening hours:
Mon - Fri 08.00 am – 06.00 pm and Sat 08.00 am – 12.00 pm

ÖAD Simmeringer Hauptstr.: Ludwigs-Apotheke, Simmeringer Hauptstraße 128, +431 76751340

Generally, the closest pharmacy to a place can easily be located by entering the address into Google Maps (maps.google.com) and then looking for the closest “Apotheke” (“apotheker loc : streetname 123, 1070 vienna”)

Tamara Havlicek

If you urgently need medicine on weekends or during the night, call the standby duty number 1550 and they will immediately tell you where to find the next open pharmacy. You can also see the pharmacies on duty that night under www.nachtapotheke.wien403.php. The price you have to pay will be a bit higher than during the day because they'll ask a night surcharge.

Medical care

General Hospital - Allgemeines Krankenhaus AKH

Währingergürtel 18 - 20, 1090 Wien

By subway: U6 Michelbeuern - AKH

If you have to go to the doctor, dentist etc, you can look up the address in the yellow pages/online, ask your buddy, or EBN. You can also visit your embassys website, or call them, to find out which doctor they recommend you to go to (e.g. one who speaks your language).

3.3 | Money and Banking

You want to change money? Nothing is easier than that – you can change money in every bank during regular opening hours or at the changing machines off time. We would not advise you to change money in tourist offices or changing offices, because it is usually more expensive than in banks.

Getting a bank account

You need an account? No problem! As a student, you have the possibility to open an account with reduced fees at nearly every bank, but we advise you the Erste Bank, because they offer very good conditions and support EBN.

General bank opening hours in Austria are
Monday - Friday: 08.00 am – 03.00 pm
Thursday 08.00 am - 12.30 pm and 01.30 pm - 05.30 pm

Finding an ATM

If you need an ATM (Automated Teller Machine, in German: Bankomat) to take out cash, look out for the following symbol in bright green and blue:

There are ATMs all over Vienna.

3-4 | Public Transport

The public transportation system in Vienna operates from approx. 05.30 am to 12.15 am. On weekends, holidays and the day before, the underground operates 24h (Fri and Sat nights). Other than that, there is a wide network of night buses (called Nightline) covering the city during all nights.

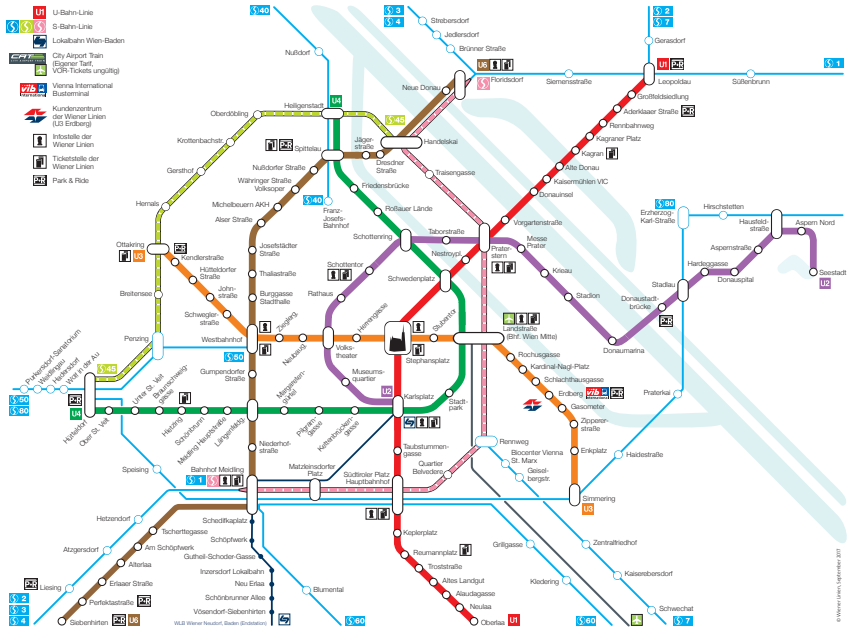

The public transport system consists of trams, buses, the underground and trains. Maps of the transport system are available in the bigger stations, the dorms and at the EBN office.

Paul
Gahleitner

Visit www.wienerlinien.at (the website also features an English version) to get directions from one point in Vienna to another. It is especially useful to do this before going out clubbing, to make sure you know how to get home during the night using the night transportation! Furthermore there is an App from Wiener Linien: Quando

4 | University Life

4.1 | History

WU was originally founded on October 1st, 1898 as the Imperial Export Academy. The curriculum prepared students mainly for employment in international trade. WU has always been an international university – it has been renamed three times since its foundation, and both its former names “Imperial Export Academy” and “University of World Trade” already indicated the international nature of the institution. The academy soon took on the characteristics of a university and finally became Vienna University of Economics and Business Administration in 1975.

Between 1981 and 1993, the number of students more than doubled, from 8.000 to over 16.000. In the 1990s, the number stabilized at about 20.000 students.

In 1989, WU became a member of PIM (Partnership in International Management). One year later, WU was one of the first universities to join the CEMS network (The Global Alliance in Management Education). In two steps, one in 1993 and a major one in 2004, WU gained autonomy

from the Austrian Ministry for Education, Science and Culture. The university started a major strategic planning process.

Since October 2005, WU has been systematically replacing all its first-degree (Magister) programs with Bachelor's and Master's programs. With this, WU is adopting the three-cycle system promoted by the Bologna process. In 2007, WU became the first Austrian University to receive the international EQUIS (European Quality Improvement System) accreditation which is an internationally recognized accreditation system offered by the European Foundation of Management (EFMD).

In summer 2013, WU moved to the new campus in the second district of Vienna and is now the biggest business university of Europe.

4.2 | Facts and Figures

The practical relevance of WU's programs, resulting from WU's close cooperation with the business world, is only one of the reasons why the Financial Times has ranked WU among Europe's Top 50 Business Schools. WU has over 200 partner universities throughout the world and acknowledged expertise in a number of fields, including East-West business. Its wide range of courses, as well as the international orientation of its teaching and research, have made WU a renowned center of knowledge in many key fields of business and economics.

The University regards internationalization as one of its core competencies and competitive advantages. The numbers speak for themselves: more than 20 % of our regular degree program students come from outside of Austria (mostly from Germany, Slovakia, Turkey and Bosnia-Herzegovina)

50 % of WU graduates have international experience
around 900 incoming and outgoing exchange students each year
600 students participate in WU international summer universities annually

This makes WU by far the most international university in Austria and places it among the leading universities in Europe in this respect.

The Financial Times ranked WU's degree program in International Business Administration at a very good 18th place in 2011. This ranking not only keeps WU in the same league as renowned schools like the Copenhagen Business School, Maastricht University or Stockholm School of Economics, but also distinguishes WU as the only ranked Austrian business university. In the Financial Times European Business School Ranking 2011, WU came in at a solid 28th place. Only eight

German-speaking universities and a total of 75 top business universities qualified for the ranking. The number of higher education institutions offering business programs in Europe is estimated to be above 1.900.

WU's strengths in the ranking process were internationalization, the International Master's Program CEMS MIM (Master in International Management), and the percentage of women. The CEMS MIM Program, which provides an extra academic qualification, was ranked at 2nd place. The CEMS Master is available in Austria exclusively at WU.

4.3 | Academic Programs

4.3.1 | Bachelor Programs

Three bachelor programs are available at WU. All programs take six semesters to complete and consist of 85 semester credit hours or 180 ECTS credits. Both programs share a common introductory phase. In the second phase of the Bachelor Program in Business, Economics and Social Sciences, students can choose from four majors, which can be taken individually or concurrently.

- Bachelor Program in Business Law (BL)
- Bachelor in Business and Economics
- Bachelor Program in Business, Economics and Social Sciences (BESC)
- Major in Business Administration
- Major in International Business Administration
- Major in Economics and Socio-Economics
- Major in Information Systems

4.3.2 | Master Programs

Master programs build upon bachelor programs, i.e. the prerequisite for admission to a master program is the successful completion of a bachelor or diploma program in a relevant discipline. Graduates of a master program are in turn entitled to pursue a doctoral or PhD program.

WU's master degree programs have usually the duration of 4 semesters (120 ECTS credits), except for the program in Business Education, which takes 5 semesters (150 ECTS credits).

- Information Systems
- International Management/CEMS
- Marketing

For further information on the Master programs and admission criteria, please visit www.wu.ac.at/programs/en/master.

4.3.3 | PhD and Doctoral Programs

The holder of a Master's degree can continue towards a Doctoral degree in Social and Economic Sciences and Business Law as well as a PhD in Finance. These consist of research-based graduate degree programs (3 or 4 years). At the end the students have to pass three so called "rigorous" oral examinations. The WU doctoral/PhD programs train both young researchers for a future academic career and experts for business practice.

These PhD and Doctoral programs are currently available:

- Doctoral Program in Social and Economic Sciences
- Doctoral Program in Business Law
- PhD Finance
- PhD International Business Tax
- PhD Economics and Social Sciences

4.3.4 | Executive Education

The WU Executive Academy combines business know-how and the

resources of Europe's largest business university in its specialized continued education programs for managers. It offers a number of MBA Programs with a number of different specializations, two Master of Law Programs, Certificate Programs and much more. For further information, please refer to www.executiveacademy.at.

4.4 | Grading

In Austria, the following grading system is used:

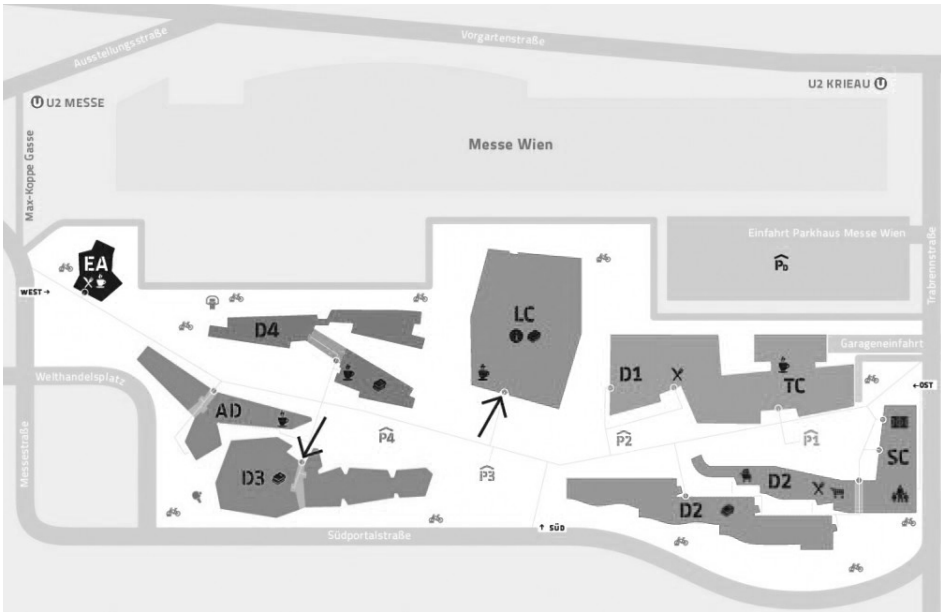

- 1 - Sehr gut - Excellent
- 2 - Gut - Good
- 3 - Befriedigend - Pass
- 4 - Genügend - Low Pass
- 5 - Nicht genügend - Fail

It depends on the course, how many points or what percentage you need to achieve in order to pass. Many courses require 60% of all points achievable, others require only 50%. Please inform yourself about the grading of your courses – normally, your teacher will tell you all necessary information in the first lecture.

For information on how to obtain your grade reports and official transcripts of courses you have chosen, please refer to the information package you have received during the compulsory information session at the beginning of the semester from the International Office (IO/ZAS), or contact the IO directly.

4.5 | Find your way through the university

Campus Overview:

AD – Administration: Here you'll find the rector's office, conference halls etc.

TC – Teaching Center: Most of the courses are held in this building. The big lecture halls as the Audimax and most smaller lecture halls are located here.

4.6 | Students' Association at WU

Österreichische HochschülerInnenschaft - ÖH

ÖH was established in 1973 by federal law. A students' organization had already existed before, but it did not have a guaranteed national representation mandate as the ÖH has. A combination of students' uprisings and a detailed education review by the government led to the passing of this law.

The tasks of the ÖH are to represent the rights of all students studying in Austria to all the relevant bodies and to provide services to those students. The members of the ÖH are all the students in Austria, as membership is compulsory. YOU are member of the ÖH as well!

ÖH-Beitrag

By paying the so-called "ÖH fee" of EUR 20.20 upon admission, you become a member of ÖH. The fee helps ÖH providing service to the students and also gets you an accident and third party liability insurance. Where to find the ÖH WU

You'll find the ÖH WU at the Student Center (SC) which is located on the WU campus. It's next to the east entrance to the campus and near to the metro station U2 Krieau. One of the buildings next to it is the Teaching Center (TC).

Facebook

ÖH WU maintains a very active Facebook page, which provides you with updated information in case there is something happening at WU that you should be aware of – say, opening in front of the SC building, the last tickets for one of our events or one of the WU buildings being closed for some reason.

5 | Culture and Religion

Vienna is commonly considered to be one of the cultural capitals of the world. In fact, the Vienna State Opera is one of the best opera houses worldwide, and the Burgtheater has an excellent reputation throughout the German speaking world. But maybe you will find your favourite evening program in one of the smaller theatres. Check out the program in daily newspapers, monthly theatre programs, or online.

With your student ID, you can often get reduced tickets (€ 6 - 11) half an hour before a performance starts at publicly owned theaters (e.g. Burgtheater, Akademietheater, Theater in der Josefstadt, Kammer-spiele, Volksoper), and standing places from € 1.50 (Burgtheater and Akademietheater). Even some musicals at Raimundtheater or Ronacher are very cheap if there are some tickets left half an hour before the show. To be sure, enquire beforehand to see whether you should line up earlier than that.

The last section of this chapter will provide you with some addresses where you can practice religion during your exchange, should you wish to do so.

6 | Sports

In Vienna, there are many options for those of you who like to sweat and get in shape. Whether you are a fan of the outdoors or enjoy learning new sports such as martial arts or aerobics, you can be sure to find something that suits your taste here.

6.1 | Running

There are many beautiful parks and other routes in Vienna. Among the most popular are:

EBN Running Group

Unlock your inner Arnold Schwarzenegger with the EBN Running group!

We organize free, weekly jogging sessions for all kinds of levels: from beginners to pros, for people who simply want to feel better after they had a big meal as well as for those who want to prepare themselves for the Vienna City Marathon.

Stay fit, have fun and get to know your fellow exchange students from all over the world! Best thing about it? It is totally free!

Schlosspark Schönbrunn

Many people like to take in the beautiful park while jogging up and down the serpentine paths to the hill top Gloriette.

Take U4 to Schönbrunn to get there.

Prater Hauptallee

From the U1, U2 station Praterstern, you can run down the Prater Hauptallee to the South-East. Hauptallee is 4 km long, there are signs every km in case you want to record your time, and the alley is lit up in the evening, too.

Donauradweg

Next to the Danube, there are bike paths that are also popular among runners, and if you're an addict, they can take you quite a bit outside of Vienna, too!

Join the path from anywhere near the Danube, e.g. U4 Friedensbrücke, U4 Roßauer Lände

Ring

If you live somewhat close to the center, jogging around Ring (the street that encircles the 1st district) might become one of your favorite sports activities.

Ups: You can run there at any time of day or night, since the street lights are always on. Plus, all the beautiful historic buildings you get to take in during your work out!

Downs: Having to wait for traffic lights and running next to all the cars.

Donauinsel (The Danube Island)

Danube Island is one of Vienna's best places for outdoor sports. It is 21 km long, and you can enjoy nice views on the Danube while running through the greenery.

For the Marathon lovers, check out the Vienna City Marathon, next time taking place on April 19th 2020. On the website www.vienna-marathon.com you get all the information you need for this great event.

6.2 | Swimming

Vienna boasts a good amount of swimming pools, indoor and outdoor. In Austria, it is not obligatory to wear a bathing cap in swimming pools. A list of public baths can be found under www.wien.gv.at/english/leisure/bath. At these swimming pools, you get a discount if you show your student ID.

6.3 | USI – University Sports Institute

The University Sports Institute offers a wide range of classes, from Capoeira to Climbing, Swimming, Pilates, Soccer, Basketball, Zumba and many, many more at favourable prices! They operate in a range of different locations all over Vienna.

The fees for the different classes are indicated on the website www.usi.at and have to be paid upon registration, covering the whole semester (or year, if the course runs for a whole year). From the two fees shown, the cheaper one is relevant to you as a student (the second one referring to alumni).

Registration for classes starts on Sep 18th, 2020 at 07:00 am, for the most popular classes, it would be important to be there on time! The registration takes place at the main USI site "Auf der Schmelz" or online. Take bus 10A until "Auf der Schmelz" from U3 Johnstraße or U4 Schönbrunn to get there.

Whether you speak German or not might, depending on the class, be an issue. It shouldn't be a problem to play soccer or basketball with others even if you don't speak German, but in classes where you have to understand all the instructions the teacher gives you, e.g. self-defence, it might be difficult. You can always try to visit the first lecture, in case the class is not full yet, and ask the instructor about it!

For Non-German speakers:

About the classes being offered: Since the major part of the USI website is in German only, we suggest you enter the website's address www.usi.at into Google translate and work from there. Select „Kursprogramm“ in the top left corner, from then on, Google's translations should be working - you can select the course list or course locations (in case you want to see only classes offered at a certain location) in the menu on the left.

Of course, you can always ask your buddy or the EBN Team to help you out, too!!

6-4 | Climbing

If you enjoy rock climbing, you can do it safely in the Wiener Alpinzentrum, Bäckerstraße 16, 1010 Wien | 1010 Wien for example. For further information just call +43 1 5123844 or visit their homepage www.oetk.at > „Kletterhalle“ As a little side information: you can also rent shoes over there!

6-5 | Hiking

Even though the Alps are a bit far, Vienna is surrounded by lovely hills and features a number of different hiking trails. Some of those form a whole hiking trail around Vienna (114 km!) all together, others lead you right through the city. There is something for every taste. Check out the website www.wien.gv.at/english/leisure/hiking to find out more!

One of our suggestions would be to consider the ones leading around “Cobenzl” or “Kahlenberg” and make a stop at one of the “Heuriger” in that area for a taste of local food and wine.

Copies of brochures with detailed information on the different trails can be picked up at the tourist information.

6-6 | Ball Games

When you spend your winter semester in Vienna, you will realise that from mid November on, the Advent season descends upon Vienna. Then it's time to visit at least one of the famous Christmas markets ("Christkindlmarkt"). There the aromas of candied fruits, cotton candy and other specialities like Christmas punch and roasted chestnuts wafting around the small wooden Christmas Market stands still retain their magical power. The Christmas markets are generally open from 03:00 pm to 09:00 pm.

The most famous Christmas Markets are:

7.5.1 | Restaurants

Sebastian Siegel

We do tip the waiter in Austria. Usually we just round up the total amount, e.g. if the coffee costs EUR 2,20, you would give the waiter EUR 2,50. If we have the exact amount, we would hand it to him and say “Thank you”/“Danke” to indicate that he can keep the change. If we don’t have the exact amount, we hand him the money and say “2,50, please” to indicate how much we want to pay..

If you come to Vienna and don't try some coffee, you've missed one of the great reasons to come here. Vienna has a reputation for having an excellent coffee culture. You should at least visit one of the countless traditional 19th century coffee houses where you can sit down, relax, and have some coffee. But please, never just order „coffee“, for you could deeply offend the Herr Ober, the „senior waiter“ of the coffee house. Vienna prides itself of its dozens of varieties of different coffees!
